# Southeast Asia Commercial Joint Stock Bank Statement of the Board of Management

The Board of Management of Southeast Asia Commercial Joint Stock Bank presents this statement and the accompanying consolidated interim financial statements of the Bank and its subsidiaries (collectively referred to as "SeABank") for the six-month period ended 30 June 2021.

The Board of Management is responsible for the preparation and fair presentation of the accompanying consolidated interim financial statements in accordance with Vietnamese Accounting Standards, the Vietnamese Accounting System for credit institutions stipulated by the State Bank of Vietnam and the relevant statutory requirements applicable to interim financial reporting. In the opinion of the Board of Management:

- (a) the consolidated interim financial statements set out on pages 5 to 69 give a true and fair view of the consolidated financial position of SeABank as at 30 June 2021, and of their consolidated results of operations and their consolidated cash flows for the six-month period then ended in accordance with Vietnamese Accounting Standards, the Vietnamese Accounting System for credit institutions stipulated by the State Bank of Vietnam and the relevant statutory requirements applicable to interim financial reporting; and
- (b) at the date of this statement, there are no reasons for the Board of Management to believe that the Bank or its subsidiaries will not be able to pay its debts as and when they fall due.

The Board of Management has, on the date of this statement, authorised the accompanying consolidated interim financial statements for issue.

#### INTERIM FINANCIAL STATEMENTS REVIEW REPORT

# To the Shareholders Southeast Asia Commercial Joint Stock Bank

We have reviewed the accompanying consolidated interim financial statements of Southeast Asia Commercial Joint Stock Bank ("the Bank") and its subsidiaries (collectively referred to as "SeABank"), which comprise the consolidated balance sheet as at 30 June 2021, the consolidated statements of income and cash flows for the six-month period then ended and the explanatory notes thereto which were authorised for issue by the Bank's Board of Management on 12 August 2021, as set out on pages from 5 to 69.

## Management's Responsibility

The Bank's Board of Management is responsible for the preparation and fair presentation of these consolidated interim financial statements in accordance with Vietnamese Accounting Standards, the Vietnamese Accounting System for credit institutions stipulated by the State Bank of Vietnam and the relevant statutory requirements applicable to interim financial reporting, and for such internal control as the Bank's Board of Management determines is necessary to enable the preparation of the consolidated interim financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express a conclusion on these consolidated interim financial statements based on our review. We conducted our review in accordance with Vietnamese Standard on Review engagements 2410 - Review of interim financial information performed by the independent auditor of the entity.

A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Vietnamese Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

一方子当日

#### Auditor's conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying consolidated interim financial statements do not give a true and fair view, in all material respects, of the consolidated financial position of Southeast Asia Commercial Joint Stock Bank and its subsidiaries as at 30 June 2021 and of their consolidated results of operations and consolidated cash flows for the six-month period then ended, in accordance with Vietnamese Accounting Standards, the Vietnamese Accounting System for credit institutions stipulated by the State Bank of Vietnam and the relevant statutory requirements applicable to interim financial reporting.

These notes form an integral part of and should be read in conjunction with the accompanying consolidated interim financial statements.

# 1. Reporting entity

## (a) Establishment and operation

Southeast Asia Commercial Joint Stock Bank ("the Bank") is a commercial joint stock bank incorporated and registered in the Socialist Republic of Vietnam.

The Bank was established pursuant to Banking Operation License No. 0051/QD/GP-NHNN issued by the Governor of the State Bank of Vietnam on 25 March 1994. The operation period according to the Banking Operation Licence is 99 years from 25 March 1994.

The principal activities of the Bank are mobilising and receiving short, medium and long-term deposits from organisations and individuals; lending to organisations and individuals up to the nature and ability of the Bank's capital resources; conducting settlement and cash services and other banking services as approved by SBV; making capital contributions, purchasing shares, investment in bonds and trading foreign currencies in accordance with the law.

## (b) Charter capital

As at 30 June 2021, the Bank's charter capital was VND12,087,442 million (31/12/2020: VND12,087,442 million). The Bank issued 1,208,744,208 ordinary shares with the par value of VND10,000 per share.

#### (c) Location and network

The Bank's Head Office is located at No. 25 Tran Hung Dao, Phan Chu Trinh Ward, Hoan Kiem District, Hanoi, Vietnam. As at 30 June 2021, the Bank had one (01) Head Office, one (01) representative office, fourty four (44) branches, one hundred and twenty nine (129) transaction offices nationwide and two (2) subsidiaries (31/12/2020: Bank had one (01) Head Office, one (01) representative office, fourty four (44) branches, one hundred and twenty nine (129) transaction offices nationwide and two (2) subsidiaries).

At the reporting date, the Bank has two (02) subsidiaries as follows:

| Company name  | Operation License No.  | Business<br>sector              | % owned by the Bank |
|---|--|---------------------------------|---------------------|
| SeABank Asset<br>Management<br>Company Limited              | 01040044839 dated 16 December 2008 issued by Hanoi Planning and Investment Department and No. 0103099985 reissued on 10 March 2011             | Debt and<br>asset<br>management | 100%                |
| Post and<br>Telecommunication<br>Finance Company<br>Limited | 96/GP-NHNN dated 28 September 2018 and amended under Decision 2284/QD-NHNN dated 31 December 2020 of the Governor of the State Bank of Vietnam | Consumer finance                | 100%                |

## (d) Total number of employees

As at 30 June 2021, SeABank had 4,536 employees (31/12/2020: 4,803 employees).

# 2. Basis of preparation

## (a) Statement of compliance

The consolidated interim financial statements have been prepared in accordance with Vietnamese Accounting Standards, the Vietnamese Accounting System for credit institutions stipulated by the State Bank of Vietnam and the relevant statutory requirements applicable to interim financial reporting. These standards and statutory requirements may differ in some material respects from International Financial Reporting Standards, generally accepted accounting principles and standards of other countries. Accordingly, the accompanying consolidated interim financial statements are not intended to present SeABank's consolidated financial position, consolidated results of operations and consolidated cash flows in accordance with generally accepted accounting principles and practices in countries or jurisdictions other than Vietnam. Furthermore, their utilisation is not designed for those who are not informed about Vietnam's accounting principles, procedures and practices for credit institutions.

#### (b) Basis of measurement

The consolidated interim financial statements, except for the consolidated statement of cash flows, are prepared on the accrual basis using the historical cost concept. The consolidated statement of cash flows is prepared using the direct method.

## (c) Accounting period

The annual accounting period of SeABank is from 1 January to 31 December. These consolidated interim financial statements of SeABank have been prepared for the six-month period ended 30 June 2021.

#### (d) Accounting currency

SeABank's accounting currency is Vietnam Dong ("VND"). These consolidated interim financial statements have been prepared and presented in Vietnam Dong ("VND"), rounded to the nearest million ("VND million").

# 3. Summary of significant accounting policies

The following significant accounting policies have been adopted by SeABank in the preparation of these consolidated interim financial statements.

The accounting policies that have been adopted by SeABank in the preparation of these consolidated interim financial statements are consistent with those adopted in the preparation of the latest annual consolidated financial statements.

H NH

KP

Form B05a/TCTD-HN (Issued under Circular No. 49/2014/TT-NHNN dated 31 December 2014 of the State Bank of Vietnam)

#### (a) Basis of consolidation

#### (i) Subsidiaries

Subsidiaries are entities controlled by the Bank. The financial statements of the subsidiaries are included in the consolidated financial statements from the date that control commences until the date that control ceases.

#### (ii) Transactions eliminated on consolidation

Intra-group balances, and any unrealised income and expenses arising from intra-group transactions, are eliminated in preparing the consolidated financial statements. The accounting policies of subsidiaries have been also revised when necessary to ensure consistency with the accounting policies applied by the Bank.

#### (iii) Business combination

Business combinations are accounted for using the acquisition method as at the acquisition date, which is the date on which control is transferred to the Bank. Control exists when the Bank has the power to govern the financial and operating policies of an entity so as to obtain benefits from its activities. In assessing control, potential voting rights that presently are exercisable are taken into account.

#### (iv) Goodwill

Goodwill arises from the acquisition of subsidiaries, associates and joint ventures. Goodwill is measured at cost less accumulated amortisation. Cost of goodwill represents the excess of the cost of the acquisition over SeABank's interest in the net fair value of the identifiable assets, liabilities and contingent liabilities of the acquiree.

Goodwill arising from the acquisition of subsidiaries is amortised on a straight-line basis over 10 years. Carrying value of goodwill arising is written down to recoverable amount as management determines that it is not fully recoverable.

## (b) Foreign currency

All transactions are recorded in their original currencies. Monetary items denominated in currencies other than VND are translated into VND at average exchange rate for spot selling and buying (gold is converted at the average selling and buying rate) of SeABank at the end of the last working day of the accounting period if the difference between this rate and the weighted average buying and selling rate of the last working day of the accounting period is less than 1% (refer to Note 43(b) for details of foreign exchange rates as at 30 June 2021). If the difference between the average exchange rate for spot selling and buying at the end of the last working day of the accounting period and the weighted average buying and selling rate of the last working day of the accounting period is 1% or more, SeABank shall use the weighted average buying and selling rate of the last working day of the accounting period.

Non-monetary foreign currency assets and liabilities are translated into VND using the exchange rates effective at the dates of the transactions.

MHI MI

Form B05a/TCTD-HN (Issued under Circular No. 49/2014/TT-NHNN dated 31 December 2014 of the State Bank of Vietnam)

Income and expense in foreign currencies are translated into VND using the exchange rates effective at the dates of the transactions.

Foreign exchange differences arising from revaluation of monetary items denominated in foreign currencies as at the end of the interim accounting period are included in "Foreign exchange differences" under equity. Foreign exchange differences arising from revaluation of monetary items denominated in foreign currencies as at the end of the annual accounting period are recognised in the consolidated statement of income.

#### (c) Cash and cash equivalents

Cash and cash equivalents include cash on hand, gold on hand, balances with SBV, Government treasury bills and other short-term valuable papers which are eligible for rediscount with SBV, balances with other CIs without a term and with original terms to maturity of less than three months and securities with recovery or maturity period not exceeding three months from the acquisition date.

#### (d) Balances with and loans to other credit institutions

Balances with other CIs, except for current deposits, are deposits at other CIs with original terms of not exceeding three months. Loans to other CIs are loans with original terms to maturity of less than one year.

Term deposits at and loans to other CIs are stated at the amount of outstanding principal less allowance for credit risks.

Credit risk classification of balances with and loans to other CIs and allowance thereof is made in accordance with Circular No. 02/2013/TT-NHNN dated 21 January 2013 of the State Bank of Vietnam on classification of assets, level and method of allowance making, and use of allowance against credit risks in banking activities of credit institutions and foreign banks' branches ("Circular 02") and Circular No. 09/2014/TT-NHNN dated 18 March 2014 of SBV amending and supplementing certain articles of Circular 02 ("Circular 09"), effective from 1 June 2014. Accordingly, SeABank has provided specific allowance for balances with and loans to other CIs in accordance with the method described in Note 3(h).

According to Circular 02, SeABank is not required to make general allowance for balances with and loans to other CIs.

#### (e) Securities held-for-trading and investment securities

#### (i) Classification

Securities held-for-trading are debt securities which are acquired principally for the purpose of selling them in the near term or there is evidence of a recent pattern of short-term profit-taking.

Investment securities include available-for-sale investment securities and held-to-maturity investment securities. Available-for-sale investment securities are debt securities, which are held for an indefinite period and may be sold at any time. Held-to-maturity investment securities are debt securities with fixed maturities and fixed or determinable payments, where SeABank has the positive intention and ability to hold until maturity.

Form B05a/TCTD-HN (Issued under Circular No. 49/2014/TT-NHNN dated 31 December 2014 of the State Bank of Vietnam)

SeABank classifies investment securities at the date of acquisition as available-for-sale investment securities and held-to-maturity investment securities. According to Official Letter No. 2601/NHNN-TCKT dated 14 April 2009 of SBV, SeABank is allowed to reclassify investment securities for a maximum of one time after initial recognition at the date of acquisition.

## (ii) Recognition

SeABank recognises securities held-for-trading and investment securities on the date that SeABank becomes a party under purchase contracts for these securities (transaction-based accounting).

#### (iii) Measurement

#### Debt securities

For debt securities held-for-trading, SeABank initially records at cost less allowance for diminution in the value of securities (if any).

For debt investment securities, SeABank initially records at cost including transaction costs and other directly attributable costs. They are subsequently recognised at amortised cost (affected by premium/discount amortisation) less allowance for risks of investment securities, including allowance for diminution in value of securities and allowance for risk of unlisted bonds. Premium and discounts arising from purchases of debt securities are amortised to the consolidated statement of income on a straight-line basis over the period from acquisition date to maturity date.

Allowance for diminution in value of investment securities is determined based on actual market prices. For Government bonds, local government bonds, debt securities issued by other local credit institutions the actual bond price on the market is the latest trading price at the Stock Exchange within 10 days to the balance sheet date. If there is no transaction within 10 days to the balance sheet date, SeABank will not make additional allowance or reverse allowance for these investments.

For debt securities of enterprises that have neither been listed in the stock market nor registered for trading in the market of unlisted public companies, SeABank provides allowance for credit risk of such securities in accordance with the accounting policy applicable to loans and advances to customers as described in Note 3(h).

The allowance for diminution in value of securities mentioned above is reversed if their price or their recoverable value subsequently increases after the allowance was recognised. A allowance is reversed only to the extent that the securities' carrying amount does not exceed the carrying amount that has been determined if no allowance had been recognised.

Interest income from debt securities and equity securities after the acquisition date is recognised in the consolidated statement of income when the income is received. Accrued interest receivable account of the pre-acquisition accumulated interest income of SeABank will be reduced upon receipt.

#### Equity securities

Equity securities are initially recorded at cost including purchase cost plus other directly attributable costs such as brokerage fees, transaction fees, information fees and bank charges (if any). They are subsequently measured at the lower of book value and the actual market price with the allowance expenses recognised in the consolidated statement of income.

Form B05a/TCTD-HN (Issued under Circular No. 49/2014/TT-NHNN dated 31 December 2014 of the State Bank of Vietnam)

For listed securities, the actual market price of securities is the closing bid price at the latest trading date prior to the end of the accounting period. If the listed securities are not traded in 30 days before making allowances or the listed securities are cancelled or suspended from trading on the date of making allowances, allowances for each investment in equity securities are determined as those for other investments specified in Note 3(f)(ii).

For securities which have been registered for trading in the market of unlisted public companies and state-owned enterprises equitized through public offering ("UpCom"), the actual market price is the average price within the last 30 transaction days prior to the end of the accounting period announced by the Stock Exchange. If the securities of a joint-stock company registered for trading in the Upcom are not traded in 30 days prior to the end of the annual accounting period, allowances for each investment in equity securities are determined as those for other investments specified in Note 3(f)(ii).

For unlisted, unregistered equity securities, allowances for each investment in securities held for trading are determined as those for other investments specified in accordance with Note 3(f)(ii).

If there is no information that is reliably determined to make allowances for investment Note 3(f)(ii) SeABank shall not make allowances for such investments.

## (iv) De-recognition

SeABank derecognises securities held-for-trading and investment securities when the contractual rights to the cash flows from these securities expired or when the significant risks and rewards of ownership of these securities have been transferred.

#### (f) Long-term investments

#### (i) Other long-term investments

Other long-term investments are investments in the equity of other companies without having control or significant influence. These long-term investments are initially recognised at cost at the date of acquisition, and subsequently stated at cost less allowance for diminution in the value of investments.

#### (ii) Allowance for diminution in value of long-term investments

Allowance for diminution in value of other long-term investments is made when the invested economic entities suffer losses, except when the loss was anticipated in the initial business plan before the date of investment. Allowance for diminution in value is determined as the total actual contributed capital of parties to the investee less (-) the actual owner's equity multiplied (x) by SeABank's ownership percentage in the investee.

The allowance is reversed if the recoverable amounts are subsequently increased after the allowance was recognised. A allowance is reversed only to the extent that the investment's carrying amount does not exceed the carrying amount that has been determined if no allowance had been recognised.

Form B05a/TCTD-HN (Issued under Circular No. 49/2014/TT-NHNN dated 31 December 2014 of the State Bank of Vietnam)

#### (g) Loans and advances to customers

Loans and advances to customers are stated at the amount of the principal outstanding less allowance for loans and advances to customers.

Short-term loans are those with maturity term of no more than 1 year from the loan disbursement date. Medium-term loans are those with maturity term between 1 to 5 years from the loan disbursement date. Long-term loans are those with maturity term of more than 5 years from the loan disbursement date.

SeABank derecognises loans when the contractual rights to the cash flows from these loans expire or when substantially all the risks and rewards of ownership of these loans have been transferred.

Debt classification and allowance for loans and advances to customers are made in accordance with Circular 02 and Circular 09 as described in Note 3(h).

## (h) Debt classification and the rate and method of making allowance for credit losses

## (i) Debt classification

Classification of deposits with and loans to other CIs (excluding current deposits), purchases and entrustment to purchase of unlisted corporate bonds, loans and advances to customers, and entrusted extension of credit (collectively referred to as "debts"), loans already sold but payments not yet collected, is implemented using the method based on the quantitative element as stipulated in Article 10 of Circular 02.

### (ii) Specific allowance for credit losses

According to Circular 02 and Circular 09, SeABank determines specific allowance for credit risks based on the allowance rates corresponding to debt classification results and debts principals balance less the discounted value of collateral assets.

Specific allowance is provided for each quarter based on the balance of debts to each customer as at the end of the last working day of the preceding quarter less discounted value of collateral assets. For the last quarter of the annual accounting period, the balance of debts shall be the amount as at the last working day of the second month of the last quarter of the annual accounting period.

The rates of specific allowance for specific debt groups are as follows:

ĐĈ

PN

| Debt group |                  | Overdue status   | Rate of allowance |
|------------|------------------|--|-------------------|
| 1          | Current          | <ul><li>(a) Current debts that being assessed as fully and timely recoverable, both principals and interests; or</li><li>(b) Debts which are overdue for a period of less than 10 days and being assessed as fully recoverable, both overdue principals and interests, and fully and timely recoverable, both remaining principals and interests.</li></ul>  | 0%                |
| 2          | Special mention  | <ul><li>(a) Debts which are overdue for a period of between 10 days and 90 days; or</li><li>(b) Debts which are restructured repayment term for the first time.</li></ul>  | 5%                |
| 3          | Sub-<br>standard | <ul> <li>(a) Debts which are overdue for a period of between 91 days and 180 days; or</li> <li>(b) Debts which are extended repayment term for the first time; or</li> <li>(c) Debts which are exempted or reduced interests because customers are not sufficient capability to pay all interests under credit contracts; or</li> <li>(d) Debts in one of the following circumstances which remain unrecovered during a period of 30 days after the date of the recovery decision: <ul> <li>Debts in breach of clauses 1, 3, 4, 5 or 6 of Article 126 of the Law on CIs;</li> <li>Debts in breach of clauses 1, 2, 3 or 4 of Article 127 of the Law on CIs; or</li> <li>(e) Debts which are recovered under inspection conclusions.</li> </ul> </li> </ul>   | 20%               |
| 4          | Doubtful         | <ul> <li>(a) Debts which are overdue for a period of between 181 days and 360 days; or</li> <li>(b) Debts which are restructured repayment term for the first time but still overdue for a period of less than 90 days under that restructured repayment term; or</li> <li>(c) Debts which are restructured repayment term for the second time; or</li> <li>(d) Debts which are specified in point (d) of debt Group 3 have not been recoverable for a period of between 30 days and 60 days after decisions on recovery have been issued; or</li> <li>(e) Debts which must be recovered under inspection conclusions but fail to be repaid although recovery term was overdue from 60 days ago.</li> </ul>  | 50%               |
| 5          | Loss             | <ul> <li>(a) Debts which are overdue for a period of more than 360 days; or</li> <li>(b) Debts which are restructured repayment term for the first time but still overdue for a period of 90 days or more than under that first restructured repayment term; or</li> <li>(c) Debts which are restructured repayment term for the second time but still overdue under that second restructured repayment term; or</li> <li>(d) Debts which are restructured repayment term for the third time or more, whether debts are overdue or not; or</li> <li>(e) Debts which are specified in point (d) of debt Group 3 have not been recoverable for a period of more than 60 days after decisions on recovery have been issued; or</li> <li>(f) Debts which must be recovered under inspection conclusions but fail to be repaid although recovery term was overdue for more than 60 days; or</li> <li>(g) Debts of customers being CIs which are announced by SBV to place in special control status, or foreign bank branches of which capital and assets are blockaded.</li> </ul> | 100%              |

Payments on behalf arising from off-balance sheet commitments are classified based on the number of overdue days, starting from the date when SeABank committed obligations:

Form B05a/TCTD-HN (Issued under Circular No. 49/2014/TT-NHNN dated 31 December 2014 of the State Bank of Vietnam)

- Group 3 Sub-standard debts: overdue for less than 30 days;
- Group 4 Doubtful debts: overdue for between 30 days and less than 90 days;
- Group 5 Loss debts: overdue for 90 days or more.

In case where a customer has more than one debt with SeABank, if a debt is reclassified to a higher risk group, SeABank is required to reclassify the other debts of that customers to that higher risk loan group.

When SeABank participates in a syndicated loan to a customer not as a lead bank, SeABank classifies debts (including the syndicated loan) of the customer to a higher risk group of the risk assessment made by the lead bank and made by SeABank.

SeABank also collects debts classification results of the customers provided by the Credit Information Center of SBV ("CIC") at the date of debt classification to adjust its own classification of debts. If a customer's debts and off-balance sheet commitments are classified in a debt group that has a lower risk than the debt groups provided in CIC's list, SeABank shall adjust its classification of debts and off-balance commitments following the debt groups provided by CIC.

Since 13 March 2020, SeABank has applied Circular No. 01/2020/TT-NHNN ("Circular 01") issued by the SBV providing regulations on restructuring of debt repayment periods, exemption/reduction of interest/fees and keeping debt groups unchanged to assist customers affected by the Covid-19 pandemic of CIs, foreign bank branches. Accordingly, for customers incurred obligations of debt principal repayments and/or interest payments during the period from 23 January 2020 to the succeeding day of the date after three months from the Government's announcement of the termination of Covid-19 pandemic and these customers are unable to repay loan principles or to pay interest upon maturity of the signed loan contracts or agreements due to decreases in revenue and income caused by effect of the Covid-19 pandemic, SeABank is allowed to reschedule debt repayment periods, exemption/reduction of interest/fees and debts groups are kept unchanged from those classified at the most recent date prior to 23 January 2020.

Since 17 May 2021, SeABank has applied Circular No. 03/2021/TT-NHNN ("Circular 03") dated 2 April 2021 issued by the SBV amending and supplementing a number of articles of Circular 01. Accordingly, for customers whose debts:

- Are incurred before 10 June 2020 and incurred obligations of debt principal repayments and/or interest payments during the period from 23 January 2020 to 31 December 2021; or
- Which have been rescheduled are undue or up to 10 (ten) days overdue from the due date, or are incurred before 23 January 2020 and becomes overdue during the period from 23 January 2020 to 29 March 2020, or are incurred from 23 January 2020 and becomes overdue before 17 May 2021;

And these customers are unable to repay the principal and/or interest on schedule under the agreement due to decrease in revenue or income caused by Covid-19 pandemic, SeABank is allowed to reschedule debt repayment periods and keep debt groups unchanged from those classified at the most recent date prior to 23 January 2020. SeABank makes specific allowance for all outstanding loans which debt groups are kept unchanged in accordance with Article 1 of Circular 03, in particular, the amount of additional specific allowance is the difference between specific allowance made for all the outstanding debt balance of customers in case of no debt restructuring and specific allowance made for outstanding balance of restructured debts of customers affected by Covid-19 pandemic. The allowance rate shall be at least 30% of the additional specific allowance by 31 December 2021 and, increased to at least 60% and 100% at the end of 2022 and 2023, respectively.

Those collaterals that are movable assets, immovable assets and those collaterals that are not gold bars, government securities listed in the Stock Exchanges, securities issued by enterprises or other credit institutions valued at VND50 billion or more in respect of the debts of customers that are related persons of SeABank and other persons under Article 127 of the Law on Credit Institutions; and those collaterals that are valued at VND200 billion or more, shall be evaluated by professional valuers. For other cases, collaterals are valuated in accordance with SeABank's internal regulations and procedures. For collateral assets which fail to fully meet conditions specified in Clause 3, Article 12 of Circular 02, their discounted value must be considered as zero.

The maximum discount rates for collateral assets are determined as follows:

| Types of collateral assets   | Discount rates |
|--|----------------|
| Deposits from customers in VND   | 100%           |
| Gold bars, except for gold bars as described in item (i) deposits from customers in foreign currencies   | 95%            |
| Government bonds, transferable instruments, valuable papers issued by the SeABank, saving deposit certificates, certificates of deposit, bills and notes issued by other credit institutions or foreign bank branches: |                |
| ■ With a remaining term of below 1 year  | 95%            |
| With a remaining term of between 1 year to 5 years   | 85%            |
| With a remaining term of over 5 years  | 80%            |
| Securities issued by other credit institutions and listed on a stock exchange  | 70%            |
| Securities issued by other enterprises and listed on a stock exchange  | 65%            |
| Unlisted securities and valuable papers issued by enterprises registered for listing on a stock exchange   | 30%            |
| Unlisted securities and valuable papers issued by enterprises not registered for listing on a stock exchange   |                |
|  | 10%            |
| Real estates   | 50%            |
| Gold bars not having quoted price, other types of gold and other collateral assets   | 30%            |

#### (iii) General allowance for credit risks

According to Circular 02, general allowance is also required at the rate of 0.75% of total balance of debts, except for the balances with and loans to other CIs and the debts classified into the Loss group.

The general allowance for the six month period ended at 30 June is calculated based on the result of debt classification and the outstanding principal amount at the last working day of the preceding quarter.

Form B05a/TCTD-HN (Issued under Circular No. 49/2014/TT-NHNN dated 31 December 2014 of the State Bank of Vietnam)

## (iv) Write-off of bad debts

According to Circular 02 and Circular 09, loans and advances to customers are written off against the allowance when loans and advances to customers have been classified to Group 5 or when borrowers have been declared bankrupt or dissolved (for borrowers being organisations and enterprises) or borrowers are deceased or missing (for borrowers being individuals).

## (v) Off-balance sheet commitments

According to Circular 02 and Circular 09, the classification of off-balance sheet credit commitments is conducted solely for risk management, credit quality supervision of credit granting activities. No allowance is made for off-balance sheet credit commitments, except where SeABank has been required to make payment under the guarantee contract, in which case the payment on behalf is classified and allowance is made for in accordance with policy in Note 3(h).

#### (i) Derivative financial instruments

## (i) Currency forward and swap contracts

SeABank involves in currency forward contracts and currency swap contracts to facilitate customers to transfer, adjust or mitigate foreign exchange risks and also for the business purposes of SeABank.

Currency forward contracts are commitments to buy/sell amount of foreign currency against VND or with another foreign currency at a future date at the forward rate determined on the transaction date. The forward contracts are recorded at nominal value at the date of transaction and are revalued at exchange rate at the reporting date and are stated at net value on the consolidated balance sheet. Differences upon revaluation at the end of the period are recognised as "Foreign exchange differences" on the consolidated balance sheet and are fully transferred to the consolidated statement of income at the end of the annual accounting period. Differences between the amounts in VND of the foreign currency amounts which are committed to buy/sell at forward rate and spot rate are recognised in the consolidated statement of income on a straight-line basis over the term of the contracts.

The currency swap contracts are commitments to buy and sell the same amount of foreign currency with VND or with a different foreign currency with the same party where the settlement dates of two transactions are different and the exchange rate of the two transactions are determined at the transaction date. A currency swap may consist of two spot transactions, two forward transactions or one spot transaction and one forward transaction. Swaps for foreign currencies and VND must have at least one forward transaction. Premiums/discounts arising from the difference of the spot exchange rate at the effective date of the contracts and the forward exchange rate will be recognised immediately on the effective date of the contracts as an asset if they are positive or as a liability if they are negative in the separate balance sheet. This difference is amortised to the consolidated statement of income on a straight-line basis over the term of the swap contracts.

Foreign currency option contracts are a transaction where a customer gives SeABank an option purchase price to sell the right to allow the customer to buy or sell an amount of foreign currency in the future at the exchange rate determined at trading date. Accordingly, customers have the right but no obligation to perform the committed purchase and sale transaction. Commitment value are recorded on off-balance sheet account in "Option trading commitment". Buying option price is recognized in the consolidated statement of income on the transaction date.

RÁCI

Form B05a/TCTD-HN (Issued under Circular No. 49/2014/TT-NHNN dated 31 December 2014 of the State Bank of Vietnam)

## (ii) Interest rate swap contracts

The swap contracts are commitments to pay interest at a floating rate or a fixed rate charged on one nortional principal amount. The value of the notional principal amount in interest rate swap contracts per currency is recognized in the off-balance sheet account under item "Interest rate swap commitment". The income and expenses arising on the notional principal amount are recognised in the consolidated statement of income on an accrual basis.

For cross currency interest rate swaps to exchange principals denominated in two different currencies which are exchanged at the effective date, the contract value is recognised on the consolidated balance sheet. Income earned and expenses incurred are recognised on an accrual basis.

For cross currency interest rate swaps to exchange principals denominated in two different currencies which are not exchanged at the effective date, the contract value is recognised on the consolidated balance sheet for in the same manner with the contract value of currency forward contracts. These contracts are accounted for in the same manner with currency forward contracts. Income earned and expenses incurred due to interest rate effects are recognised on an accrual basis.

## (j) Tangible fixed assets

#### (i) Cost

Tangible fixed assets are stated at cost less accumulated depreciation. The initial cost of a tangible fixed asset comprises its purchase price, including import duties and non-refundable purchase taxes and any directly attributable costs of bringing the asset to its working condition and location for its intended use. Expenditure incurred after the tangible fixed assets have been put into operation, such as repairs and maintenance and overhaul costs, is normally charged to the consolidated statement of income during the period in which the costs are incurred. In situations where it can be clearly demonstrated that the expenditure has resulted as an increase in the future economic benefits expected to be obtained from the use of an item of tangible fixed assets beyond its originally assessed standard of performance, the expenditure is capitalised as an additional cost of tangible fixed assets.

#### (ii) Depreciation

Depreciation is computed on a straight-line basis over the estimated useful lives of tangible fixed assets. The estimated useful lives are as follows:

| ш | buildings and structures | 25 years     |
|---|--------------------------|--------------|
| В | machines and equipment   | 5 - 15 years |
| п | means of transportation  | 6 - 10 years |
| B | office equipment         | 5 - 8 years  |
| • | others                   | 4 - 7 years  |
|   |                          |              |

## (k) Intangible fixed assets

## (i) Software

The cost of acquiring new software, which is not an integral part of the related hardware, is capitalised and treated as an intangible asset. Software costs are amortised on a straight-line basis ranging from 3 to 15 years.

ONG

1120

NHIỆM

PN

## (ii) Land use rights

Land use rights are stated at cost less accumulated amortisation. The initial cost of definite land use rights comprises its purchase price and any directly attributable costs incurred in conjunction with securing the land use rights. Definite land use rights are amortised on a straight-line basis over lease term or useful lives.

## (l) Investment property

#### Cost

Investment property held to earn rental is stated at cost less accumulated depreciation. The initial cost of an investment property held to earn rental comprises its purchase price, cost of land use rights and any directly attributable expenditures of bringing the property to the condition necessary for it to be capable of operating in the manner intended by management. Expenditure incurred after the investment property held to earn rental has been put into operation, such as repairs and maintenance, is charged to the consolidated statement of income in the period in which the expenditure is incurred. In situations where it can be clearly demonstrated that the expenditure has resulted in future economic benefits in excess of the originally assessed standard of performance of the existing investment property held to earn rental, the expenditure is capitalised as an additional cost of the investment property.

#### Depreciation

Depreciation is computed on a straight-line basis over a period ranging from 10 to 20 years.

#### (m) Other assets

Other assets, except receivables from credit activities, are stated at cost less allowance for other onbalance sheet assets.

For other assets that are not classified as credit risk assets and are overdue, allowance are made based on the overdue status of receivables or expected losses which may incur in case receivables are overdue or undue receivables are likely to become overdue. Allowance expense is recorded in operating expense during the period.

Allowance rates by overdue period are as follows:

| O. | verdue period  | Allowance rate |
|----|--|----------------|
|    | From more than six (06) months up to less than one (01) year | 30%            |
| •  | From one (01) year up to less than two (02) years            | 50%            |
| •  | From two (02) years up to less than three (03) years         | 70%            |
| •  | Three (03) years or more                                     | 100%           |
|    | 3  |                |

## (n) Deposits from customers

Deposits from customers are stated at cost.

N N N C /S

Form B05a/TCTD-HN (Issued under Circular No. 49/2014/TT-NHNN dated 31 December 2014 of the State Bank of Vietnam)

## (o) Valuable papers issued

Valuable papers issued are recorded at cost less premiums and discounts. Costs of valuable papers issued include the proceeds from issuance minus directly attributable expenses from issuance.

#### (p) Other payables

Other payables are stated at cost.

## (q) Share capital

#### Ordinary shares

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of ordinary shares are recognised as a deduction from equity.

### (r) Reserves and funds

## (i) Reserves and funds of the Bank

According to Decree No. 93/2017/ND-CP dated 7 August 2017 issued by the Government of Vietnam providing regulations on the financial regime applicable to credit institutions ("Decree 93"), the Bank is required to make the following reserves before distribution of profits:

|   | Annual allocation                              | Maximum balance                        |
|---|--|--|
| Reserve to supplement charter capital Financial reserve | 5% of profit after tax 10% of profit after tax | 100% charter capital<br>Not stipulated |

The financial reserve is used to cover financial losses incurred during the normal course of business. The financial reserve and the reserve to supplement charter capital are non-distributable and classified as equity.

Other equity funds are allocated from profit after tax (unconsolidated). The allocation from profit after tax to these funds is approved by the shareholders in the Annual General Meeting. Other equity funds are not required by law and are fully distributable.

Form B05a/TCTD-HN (Issued under Circular No. 49/2014/TT-NHNN dated 31 December 2014 of the State Bank of Vietnam)

## (ii) Reserves and funds of the subsidiaries

#### SeABank Asset Management Company Limited

According to Circular No. 27/2002/TT-BTC dated 22 March 2002 of the Ministry of Finance, the appropriation to reserves by the subsidiary is made in a similar way to the Bank.

#### Post and Telecommunication Finance Company Limited

According to Decree No. 93/2017/ND-CP, the subsidiary is required to make the following reserves before distribution of profits:

|   | Annual allocation                              | Maximum balance                           |
|---|--|---|
| Reserve to supplement charter capital Financial reserve | 5% of profit after tax 10% of profit after tax | 100% of charter capital<br>Not stipulated |

The financial reserve is used to cover financial losses incurred during the normal course of business. The financial reserve and the reserve to supplement charter capital are non-distributable and classified as equity.

#### (s) Revenue

#### (i) Interest income

Interest income is recognised in the consolidated statement of income on an accrual basis, except for interest on debts classified in Group 2 to Group 5 as defined in Note 3(h) and debts classified in Current debts as a result of implementation of rulings of the State authorities which are recognised upon receipt. Interest receivable on these loans will be derecognised and recorded as off-balance sheet items. Interest on these debts are recognised in the consolidated statement of income upon receipt.

#### (ii) Fee and commission income

Fee and commission income is recognised in the consolidated statement of income upon completion of the services rendered.

#### (iii) Income from investing activities

Income from trading of securities is determined based on the differences between selling price and weighted average cost of securities.

Dividend income in the form of cash is recognised in the consolidated statement of income when SeABank's right to receive dividend is established

Dividends received in the form of shares, bonus shares and rights to purchase shares given to existing shareholders, shares distributed from retained earnings are not recognised as an increase in investment and such dividend income is not recognised in the consolidated statement of income. When share dividends are received, SeABank only recognises an increase in the number of shares in the notes to the consolidated financial statements.

Dividends received which are attributable to the period before acquisition date are deducted against the carrying amount of the investment.

Form B05a/TCTD-HN (Issued under Circular No. 49/2014/TT-NHNN dated 31 December 2014 of the State Bank of Vietnam)

## (t) Interest expenses

Interest expenses are recognised in the consolidated statement of income on accrual basis.

### (u) Fee and commission expenses

Fee and commission expenses are recognised in the consolidated statement of income when these expenses are incurred.

## (v) Operating lease payments

Payments made under operating leases are recognised in the consolidated statement of income on a straight-line basis over the term of the lease. Lease incentives received are recognized in the consolidated statement of income as an integral part of the total lease expense.

#### (w) Taxation

Income tax on the profit for the period comprises current and deferred tax. Income tax is recognised in the consolidated statement of income.

Current tax is the expected tax payable on the taxable income for the period, using tax rates enacted at the end of the accounting period, and any adjustment to tax payable in respect of previous periods.

Deferred tax is provided using the balance sheet method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. The amount of deferred tax provided is based on the expected manner of realisation or settlement of the carrying amounts of assets and liabilities using the tax rates enacted or substantively enacted at the end of the accounting period.

A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the temporary difference can be utilised. Deferred tax assets are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Form B05a/TCTD-HN (Issued under Circular No. 49/2014/TT-NHNN dated 31 December 2014 of the State Bank of Vietnam)

## (x) Related parties

Related parties of SeABank include:

- Management or members of the Supervisory Board of SeABank;
- Individuals, organisations that hold at least 5% of charter capital or share capital with voting rights of SeABank;
- Wives, husbands, parents, children, siblings of managers or members of the Supervisory Board, capital contributors or shareholders who hold at least 5% of charter capital or share capital with voting rights of SeABank;
- Enterprises held directly or indirectly by such individuals hold an important part of voting rights or through this person, this person may significantly influence the enterprises. This case includes businesses owned by SeABank's leaders or key shareholders and those businesses that have a key managing member with SeABank;
- Representatives for SeABank's paid-in capital and shares SeABank.

## (y) Basic earnings per share

SeABank presents basic and diluted earnings per share ("EPS") for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to the ordinary shareholders of SeABank by the weighted average number of ordinary shares outstanding during the period.

Diluted earnings per share are determined by adjusting the common shareholder gains or losses and the average number of ordinary shares outstanding, taking into account the effects of the potential ordinary share, including convertible bonds and stock options. As at 30 June 2021 and for the six-month period then ended, SeABank does not have potential ordinary shares, therefore, the presentation of earnings per share is not applicable.

#### (z) Segment reporting

A segment is a distinguishable component of SeABank that is engaged either in providing related products or services (business segment), or in providing products or services within a particular economic environment (geographical segment), which is subject to risks and rewards that are different from those of other segments. SeABank's primary format for segment reporting is based on business segments.

## (aa) Commitments and contingent liabilities

At any point of time, SeABank has outstanding credit commitments. These commitments are approved and unutilised loans and overdraft facilities. SeABank also provides financial guarantees and letters of credit to guarantee the performance of customers to third parties. Many of the contingent liabilities and commitments will expire without any advanced payment, in whole or in part. Therefore, these commitments and contingent liabilities do not represent expected future cash flows.

Form B05a/TCTD-HN (Issued under Circular No. 49/2014/TT-NHNN dated 31 December 2014 of the State Bank of Vietnam)

#### (bb) Nil balances

Items or balances required by Decision No. 16/2007/QD-NHNN dated 18 April 2007 ("Decision 16") of SBV's Governor promulgating the regulation on financial reporting regime applicable to CIs and Circular No. 49/2014/TT-NHNN dated 31 December 2014 ("Circular 49") of SBV's Governor on amending and supplementing a number of articles of the regulation on financial reporting regime applicable to CIs accompanying Decision 16, Decision No. 479/2004/QD-NHNN dated 29 April 2004 and the chart of accounts of CIs accompanying the Decision that are not shown in these consolidated financial statements indicate nil balances.

#### (cc) Financial instruments

Solely for the purpose of providing disclosures about the significance of financial instruments to SeABank's financial position and results of operations and the nature and extent of risk arising from financial instruments, SeABank classifies its financial instruments as follows:

#### (i) Financial assets

Financial assets at fair value through profit or loss

A financial asset at fair value through profit or loss is a financial asset that meets either of the following conditions:

- It is considered by management as held-for-trading. A financial asset is classified as held-for-trading if it meets either of the following conditions:
  - it is acquired principally for the purpose of selling it in the near term;
  - there is evidence of a recent pattern of short-term profit-taking; or
  - a derivative (except for a derivative that is financial guarantee contract or a designated and effective hedging instrument).
- Upon initial recognition, it is designated by SeABank as financial assets at fair value through profit or loss.

#### Held-to-maturity investments

Held-to-maturity investments are non-derivative financial assets with fixed or determinable payments and a fixed maturity that SeABank has the positive intention and ability to hold to maturity, other than:

- financial assets that, upon initial recognition, were categorised by SeABank as financial assets at fair value through profit or loss;
- financial assets already categorised by SeABank as assets that available for sale;
- financial assets that meet the definitions of loans and receivables.

#### Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market, other than those:

- that SeABank intends to sell immediately or in the near term, which are classified as held-fortrading, and those that the entity on initial recognition designates as financial assets at fair value through profit or loss;
- that SeABank, upon initial recognition, designates as available-for-sale; or

10/ Y S

[G

• for which SeABank may not recover substantially all of its initial investment, other than because of credit deterioration, which are classified as assets available-for-sale.

#### Available-for-sale financial assets

Available-for-sale financial assets are non-derivative financial assets that are designated as available for sale or are not classified as:

- financial assets at fair value through profit or loss;
- held-to-maturity investments; or
- loans and receivables.

#### (ii) Financial liabilities

Financial liabilities at fair value through profit or loss

A financial liability at fair value through profit or loss is a financial liability that meets either of the following conditions:

- It is considered by management as held-for-trading. Financial liability is classified as held-for-trading if:
  - it is incurred principally for the purpose of repurchasing it in the near term;
  - there is evidence of a recent pattern of short-term profit-taking; or
  - a derivative (except for a derivative that is financial guarantee contract or a designated and effective hedging instrument).
- Upon initial recognition, it is designated by SeABank as financial liabilities at fair value through profit or loss..

Financial liabilities carried at amortised cost

Financial liabilities which are not classified as financial liabilities at fair value through profit or loss are classified as financial liabilities carried at amortised cost.

The above described classification of financial instruments is solely for presentation and disclosure purpose and is not intended to be a description of how the financial instruments are measured. Accounting policies for measurement of financial instruments are disclosed in other relevant notes.

# 4. Cash and gold on hand

| 30/6/2021<br>VND million | 31/12/2020<br>VND million        |
|--------------------------|----------------------------------|
| 789,846                  | 720,715                          |
| 305,011                  | 291,306                          |

## 5. Balances with the SBV

|   | 30/6/2021<br>VND million | 31/12/2020<br>VND million |
|---|--------------------------|---------------------------|
| Balances with the SBV in VND                | 2,522,054                | 2,062,314                 |
| Balances with the SBV in foreign currencies | 297,547                  | 1,287,045                 |
| Guarantee deposit                           | 25,000                   | 25,000                    |
|   | 2,844,601                | 3,374,359                 |

Under the SBV's regulations relating to the compulsory reserve, banks are permitted to maintain a floating balance for the compulsory reserve requirement ("CRR"). The monthly average balance of the reserves must not be less than CRR rates multiplied by the preceding month's average balances of deposits of individual and corporate customers in scope.

CRR rates at the end of reporting periods were as follows:

| Deposits in scope |  | CRR rates |            |   |
|-------------------|--|-----------|------------|---|
|                   |  | 30/6/2021 | 31/12/2020 | ě |
|                   | Deposits in foreign currencies other than VND with term of less than 12 months     | 8.00%     | 8.00%      |   |
| •                 | Deposits in foreign currencies other than VND with term of and more than 12 months | 6.00%     | 6.00%      |   |
| п                 | Deposits in VND with term of less than 12 months                                   | 3.00%     | 3.00%      |   |
|                   | Deposits in VND with term of and more than 12 months                               | 1.00%     | 1.00%      |   |

- (i) Receivables from UPAS L/C are receivables from commodity buyers (importers) who are SeABank's customers related to the UPAS L/C Usance Payble At Sight Letters of Credit issued by SeABank. Accordingly, SeABank, through a corresponding bank, makes payment to the beneficiaries (exporters) of UPAS L/C prior to those letter of credits' matured dates and is entitled to an income from advance payment.
- (ii) Movements in allowance for other on-balance sheet assets were as follows:

### 40. Segment Report

A division is a separate identifiable component of SeABank involved in the provision of related products or services (business segment) or the provision of products or services within one specific economic environment (geographical segment). Each of these parts bears different risks and benefits from the others.

### (i) Primary segment reporting by business segment

For management purposes, the Bank and its subsidiaries are organized into segments based on the following businesses:

Banking operations:

Products and services provided to customers include:

- Receiving deposit;
- Providing credit;
- Providing payment services via account; and
- Other banking activities.

Finance company activities: Debt management and asset exploitation: Consumer loans and other financial activities Debt management and asset exploitation NA

Segment reporting by business segment as at 30 June 2021 and the six-month period then ended are presented in the following table:

| (VND million)   | Banking operations                  | Finance<br>companies<br>activities | Debt<br>management<br>and asset<br>exploitation | Elimination<br>for inte-<br>segment<br>transactions | Consolidated<br>figures             |
|---|-------------------------------------|------------------------------------|---|---|-------------------------------------|

### (ii) Secondary segment reporting by geographic segment

The business activities of the Bank and its subsidiaries are mainly performed in the territory of Vietnam. Therefore, SeABank's risk and profitability are not affected mainly by the differences. Therefore, the Board of Management of SeABank assessed that SeABank has only one geographical segment. Accordingly, SeABank is not required to present segment reporting by geographical segment.

### 41. Concentration of assets, liabilities and off-balance sheet commitments by geographical regions

Concentration of assets, liabilities and off-balance sheet items by geographical region of SeABank's partners as at 30 June 2021 are as follows:

|          | Total loans<br>VND million | Total deposits<br>VND million | Contingent<br>credit<br>commitments<br>VND million | Financial<br>Instruments<br>VND million | Trading and investment securities VND million |

Form B05a/TCTD-HN (Issued under Circular No. 49/2014/TT-NHNN dated 31 December 2014 of the State Bank of Vietnam)

### 42. Financial risk management

This note provides information of SeABank's exposure to risk and describes the policies, the methods used by SeABank's management to control risk. The most important types of financial risks to which SeABank is exposed are credit risk, liquidity risk and market risk.

### Risk management policy

The Board of Directors has overall responsibility for the establishment and oversight of SeABank's financial risk management framework to facilitate its business activities to thrive safely and sustainably.

Having taken that responsibility, the Board of Directors appropriately promulgates risk management policies and strategies, establishes business limit, directly approves high-value business transactions in accordance with both legal and internal requirement, and determine organisational structure and key managing directors.

Risk management strategies and policies are adhered to SeABank's Charter and General Shareholders' Meeting resolution from time to time.

The Risk Management Division is an agency established by SeABank. The agency is responsible for development and management of risk management policies and tools; organising and managing risk management in SeABank's operations.

### 43. Market risk

### (a) Interest rate risk

SeABank's operations are subject to the risk of interest rate fluctuations to the extent that interestearning assets and interest-bearing liabilities mature at different times or in differing amounts. Some assets have indefinite maturities or interest rate sensitivities and are not readily matched with specific liabilities.

SeABank adopts a interest risk measurement method for all assets - liabilities items with respect to interest income. SeABank also establishes and applies a limit system and decision authority at each level based on results of risk measurement for each category.

The following tables show SeABank's assets and liabilities categorised by the contractual re-pricing or maturity date and the interest rates at the balance sheet date. The interest rate re-pricing date and expected maturity date may differ from the respective dates in the contract, especially for maturity date of customers' desposits.

### (b) Currency risk

SeABank is exposed to currency risk in transactions in foreign currencies, primarily in United States Dollar. Risks in transactions in foreign currencies shall give rise to foreign exchange gains or losses and such gains or losses are recognised in the consolidated statement of income.

SeABank has set limits on positions by currency based on its internal risk assessment process and the regulations of the SBV. Currency positions are monitored on a daily basis and hedging strategies used to ensure positions are maintained within established limits.

The following table presents currency status of SeABank's assets and liabilities as at 30 June 2021:

### 44. Credit risk

Credit risk to SeABank mainly derives from loans and advances to customers. The credit risk level is shown on the carrying value of the assets as at the consolidated balance sheet. In addition, SeABank also faces credit risk in the form of off-balance sheet commitments to extend credit and guarantees.

The concentration of credit risk (whether on or off-balance sheet) rising from financial instruments accompanies groups of partners in which members have similar economic characteristics that would cause the ability of the groups to fulfil their obligations to be affected if there are fluctuations in economic conditions or other conditions.

The main concentration of credit risk is from various areas and types of customers regarding to investments, loans and advances, credit commitments and guarantees granted by SeABank.

Set out below is the maximum credit exposure of SeABank's on balance sheet, excluding any collateral held or credit enhancements:

### 45. Liquidity risk

Liquidity risk arises from SeABank's funding activities in general and in the management of its currency positions. It includes both the risk of being unable to fund assets at appropriate maturities and rates and the risk of being unable to liquidate an asset at a reasonable price and in an appropriate time frame.

The following table shows the analysis of assets and liabilities of SeABank according to their maturities as at 30 June 2021 and 31 December 2020:

Form B05a/TCTD-HN (Issued under Circular No. 49/2014/TT-NHNN dated 31 December 2014 of the State Bank of Vietnam)

### 46. Seasonal factors

SeABank's operation results are not affected by seasonal or cyclical factors except for the following items:

### (a) Statutory reserves

The reserves as described in Note 3(r) will be appropriated at the end of the annual accounting period.

### 47. Events after the reporting date

Till the issuance date of these consolidate interim financial statement, no significant events have occured since 30 June 2021 that could materially affect the financial status of SeABank that require adjustments or discloses in the consolidated interim financial statement as at 30 June 2021 and for sixmonth period then end.

### 48. Other events

In 2020, Vietnam's economy and society were dramatically affected by the Covid-19 pandemic.

The Covid-19 pandemic was firstly identified in Vietnam on 23 January 2020 and has greatly affected people's income and business activities of many enterprises in various sectors. The Vietnamese Government has implemented various control and prevention measures, notably the implementation of social distancing and gradual promotion of universal vaccination. However, the spread and development of the epidemic in Vietnam these days is very complicated. The extent to which the Covid-19 pandemic affects SeABank's business depends on future disease developments, including the timing and extent of the disease's spread, and on unpredictable information at the date of these consolidated interim financial statements.

During six-month period ended 30 Jun 2021, SeABank restructured loan repayment periods, offered exemption/reduction of interest/fees to and kept debt groups unchanged for customers affected by the Covid-19 in accordance with Circular 01 and Circular 03 (Note 3(h)(ii).
